EVOLUTION AND THE GLOBAL INTEGRITY CRISIS

-----◇-----

**REV.
MICHAEL
DOWD**

Reverend Michael Dowd is the author of **Thank God for Evolution: How the Marriage of Sciend and Religion Will Transform Your Life and Our World** (Viking/Plume), which has been endorsed by five Nobel Prize-winning scientists as well as religious leaders across the spectrum.

-----◇-----

From crumbling economies to collapsing ecosystems, humanity is experiencing an unprecedented global integrity crisis.

In a richly illustrated presentation, the Rev. Michael Dowd proposes that the lack of an evolutionary worldview made the current crisis inevitable, and that a deep-time view of human nature, values, and social systems provides a clear and inspiring way forward.
